By offering you the possibility to evolve in actual group situations, this coursebook not only teaches you how to perform, but also how to spice up your heavy metal accompaniments.

The audio-recordings contain 17 complete backing tracks (drums, bass & guitar) on which you can play the numerous heavy metal riffs and rhythm parts proposed in this coursebook contextually appropriately.

In doing so, some of you will simply discover the pleasure of playing superb heavy metal accompaniments, while others will use the interpretational ideas presented in this coursebook to further their personal style and create their own rhythm parts. Practicing your instrument is therefore as personal as your own playing because the choice is yours!

The songs in this coursebook feature varying difficulties and cover diverse metal directions, such as Hard Rock, Heavy Metal, Trash Metal... Armed with this level of knowledge, you are fully prepared to meet all foreseeable future challenges.
